

putlinedouble1

```
graph LR; A[putlinedouble1] --> B[dc_present::present_and_true]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is shaded gray and contains the text 'putlinedouble1'. The right box is white and contains the text 'dc\_present::present\_and\_true' on two lines. A dark blue arrow points from the right side of the gray box to the left side of the white box.

dc\_present::present  
\_and\_true
