

dc_args::buildargtable

```
graph LR; A[dc_args::dcargsopen0] --> B[dc_args::buildargtable];
```

A diagram showing a call from `dc_args::dcargsopen0` to `dc_args::buildargtable`. The `dc_args::buildargtable` box is shaded gray, while the `dc_args::dcargsopen0` box is white. A blue arrow points from the white box on the right to the gray box on the left.

dc_args::dcargsopen0
